

TABLE OF CONTENTS

Topic and Activity	Page
TEA STAAR Grade 8 Mathematics Reference Materials	iii
Category 1: Real Numbers	
Activity 1 – Skill Builder – Real Number Relationships	1
Activity 2 – Skill Developer – Approximating Irrational Numbers	2
Activity 3 – Skill Developer – Ordering Sets of Numbers	3
Activity 4 – Skill Extender – Ordering Real Numbers Activity	4
Activity 5 – Skill Extender – Calculator Practice: Approximating Irrational Numbers	5
Activity 6 – Skill Checker – Real Numbers Checkup	6
Category 1: Scientific Notation	
Activity 7 – Skill Builder – Standard and Scientific Notation Conversions	7
Activity 8 – Skill Developer – Standard and Scientific Notation Word Problems	8
Activity 9 – Skill Extender – Comparing Standard and Scientific Notation	9
Activity 10 – Skill Extender – Calculator Practice: Scientific Notation	10
Activity 11 – Skill Checker – Scientific Notation Checkup	11
Category 2: One-Variable Equations and Inequalities	
Activity 12 – Skill Builder – Writing Equations and Inequalities	12
Activity 13 – Skill Developer – Real-World Problems Using Equations and Inequalities	13
Activity 14 – Skill Extender – Farmers Market Equations and Inequalities Activity	14
Activity 15 – Skill Checker – One-Variable Equations and Inequalities Checkup	15
Category 2: Solving One-Variable Equations	
Activity 16 – Skill Builder – Modeling One-Variable Equations	16
Activity 17 – Skill Developer – Solving One-Variable Equations	17
Activity 18 – Skill Extender – Real World Equations and Error Analysis	18
Activity 19 – Skill Checker – Solving One-Variable Equations Checkup	19
Category 2: Solving Simultaneous Linear Equations	
Activity 20 – Skill Builder – Graphing Simultaneous Linear Equations	20
Activity 21 – Skill Developer – Identifying and Verifying Solutions to Simultaneous Linear Equations	21
Activity 22 – Skill Extender – Real-World Simultaneous Linear Equations	22
Activity 23 – Skill Extender – Calculator Practice: Simultaneous Linear Equations	23
Activity 24 – Skill Checker – Solving Simultaneous Linear Equations Checkup	24
Category 2: Slope of Linear Functions	
Activity 25 – Skill Builder – Similar Right Triangles and Slope	25
Activity 26 – Skill Developer – Graphing and Interpreting Proportional Relationships	26
Activity 27 – Skill Extender – Slope in a Proportion, Reverse Bingo Game	27
Activity 28 – Skill Extender – Calculator Practice: Slope in a Proportional Relationship	28
Activity 29 – Skill Checker – Slope of Linear Functions Checkup	29
Category 2: Interpreting Tables and Graphs	
Activity 30 – Skill Builder – Linear Proportions and Non-Proportions	30
Activity 31 – Skill Developer – Slope and Intercept	31
Activity 32 – Skill Developer – Proportional and Non-Proportional Situations and Examples	32
Activity 33 – Skill Extender – Circumference-Diameter Relationship Activity	33
Activity 34 – Skill Extender – Calculator Practice: Interpreting Tables and Graphs	34
Activity 35 – Skill Checker – Interpreting Tables and Graphs Checkup	35
Category 2: Representing Linear Situations	
Activity 36 – Skill Builder – Direct Variation	36
Activity 37 – Skill Developer – Representing Linear Situations	37
Activity 38 – Skill Developer – Modeling Linear Relationships with $y = mx + b$	38
Activity 39 – Skill Extender – Linear Relationships, Reverse Bingo Game	39
Activity 40 – Skill Extender – Calculator Practice: Linear Regression	40
Activity 41 – Skill Checker – Representing Linear Situations Checkup	41
Category 2: Identifying Functions and Proportionality	
Activity 42 – Skill Builder – Identifying Functions	42
Activity 43 – Skill Developer – Identifying Functions and Proportions Using Graphs	43
Activity 44 – Skill Extender – Relationship Mapping Activity	44
Activity 45 – Skill Checker – Identifying Functions and Proportionality Checkup	45

Topic and Activity	Page
Category 3: Congruence Transformations	
Activity 46 – Skill Builder – Transformations Match-Up	46
Activity 47 – Skill Developer – Translations	47
Activity 48 – Skill Developer – Reflections	48
Activity 49 – Skill Developer – Rotations	49
Activity 50 – Skill Extender – Transformations Folded Paper Project	50
Activity 51 – Skill Checker – Congruence Transformations Checkup	51
Category 3: Similarity and Dilations	
Activity 52 – Skill Builder – Similarity and Dilations Match-Up.....	52
Activity 53 – Skill Developer – Attributes of Similar Figures	53
Activity 54 – Skill Developer – Scale Factors	54
Activity 55 – Skill Developer – Dilations	55
Activity 56 – Skill Extender – Circle Dilations Activity	56
Activity 57 – Skill Checker – Similarity and Dilations Checkup	57
Category 3: Pythagorean Theorem	
Activity 58 – Skill Builder – Explaining the Pythagorean Theorem	58
Activity 59 – Skill Developer – Solving Problems Using the Pythagorean Theorem	59
Activity 60 – Skill Developer – Determining Distances Using the Pythagorean Theorem	60
Activity 61 – Skill Extender – Pythagorean Theorem Folded Paper Project	61
Activity 62 – Skill Extender – Calculator Practice: Pythagorean Theorem	62
Activity 63 – Skill Checker – Pythagorean Theorem Checkup	63
Category 3: Angles and Triangles	
Activity 64 – Skill Builder – Angle Relationships in Triangles	64
Activity 65 – Skill Developer – Angle-Angle Criterion for Similarity	65
Activity 66 – Skill Extender – Town Map Activity	66
Activity 67 – Skill Checker – Angles and Triangles Checkup	67
Category 3: Lateral and Total Surface Area	
Activity 68 – Skill Builder – Connecting Nets to Area Formulas	68
Activity 69 – Skill Developer – Lateral and Total Surface Area Problems	69
Activity 70 – Skill Extender – Cylindrical Area Activity	70
Activity 71 – Skill Checker – Lateral and Total Surface Area Checkup	71
Category 3: Volume of Cylinders, Cones, and Spheres	
Activity 72 – Skill Builder – Volume Practice	72
Activity 73 – Skill Developer – Volume Word Problems	73
Activity 74 – Skill Extender – Soda Can Volume Activity	74
Activity 75 – Skill Checker – Volume of Cylinders, Cones, and Spheres Checkup	75
Category 4: Earning and Paying Interest	
Activity 76 – Skill Builder – Interest Terms Match-Up	76
Activity 77 – Skill Developer – Simple and Compound Interest	77
Activity 78 – Skill Developer – Cost of Credit	78
Activity 79 – Skill Extender – Online Loan Calculator Activity	79
Activity 80 – Skill Checker – Earning and Paying Interest Checkup	80
Category 4: The Cost of College and Savings Plans	
Activity 81 – Skill Builder – Growth of Savings Over Time	81
Activity 82 – Skill Developer – College Savings Graph	82
Activity 83 – Skill Extender – College Cost Estimator Activity	83
Activity 84 – Skill Checker – The Cost of College and Savings Plans Checkup	84
Category 4: Mean Absolute Deviation of a Data Set	
Activity 85 – Skill Builder – Mean Absolute Deviation Practice	85
Activity 86 – Skill Developer – Mean Absolute Deviation Applications	86
Activity 87 – Skill Extender – Mean Absolute Deviation Comparison	87
Activity 88 – Skill Extender – Calculator Practice: Mean Absolute Deviation	88
Activity 89 – Skill Checker – Mean Absolute Deviation of a Data Set Checkup	89
Category 4: Bivariate (Paired, Numeric) Data	
Activity 90 – Skill Builder – Data Relationships	90
Activity 91 – Skill Developer – Scatterplots and Associations	91
Activity 92 – Skill Developer – Trend Lines and Predictions	92
Activity 93 – Skill Extender – Data Trends Folded Paper Project	93
Activity 94 – Skill Extender – Calculator Practice: Linear Regression and Trend Lines	94
Activity 95 – Skill Checker – Bivariate (Paired, Numeric) Data Checkup	95
