You know the old saying ...

“April tests and showers bring May specials and flowers!”

Looking for high-impact supplementals for summer school and beyond? DynaStudy is announcing the following new packages and price drops, *most under \$100*:

[Elementary: New SmartClings: Graphs 30-student eKits -- \\$99.95](#)

Most teachers agree: the best way for students to master graph *interpretation* is to help them master graph *construction*. But do these in-class “art projects” take too much instructional time from your day? DynaNotes SmartClings: Graphs instructional kits are designed to help students master line graphs, bar graphs, circle graphs, and pictographs. This novel system provides scaffolding and eliminates the artwork, so students can focus on one thing: representing the data. All activities are easy to lead step-by-step using the handy [teacher CD](#), also available in [Spanish](#). See why SmartClings won the coveted **Learning Magazine Teacher’s Choice Award for the Classroom** in 2010.

[Middle School: New Grade 8 Science SR&IP Student Activity Book Replenishment Options \(10-pack -- \\$89.95; reproducible* activity book -- \\$49.95\)](#)

Thousands of Texas students are working, playing, and learning with [DynaNotes Grade 8 Science STAAR Review & Intervention Programs](#). Programs include a 20-lesson pacing chart, student guides, reference charts, teacher CD, computer games, card decks, act/draw card packs, game bags, PowerCubes, and more. Now replacement student activity books are available in affordable 10-packs, and a reproducible* workbook option is also available, making it easy to replenish or expand your program. [View four sample answer keys for the student activity book.](#)

**note: reproducible by the teacher for his/her classroom use only; additional restrictions apply*

[High School: Exit Level TAKS Price Drops – 50% Reduction](#)

[High School: Exit Level TAKS Price Drops – 50% Reduction](#)

As the TAKS test begins a slow wind-down in the high schools, the looming EOC assessments are taking the limelight. But, we know you still want to support your juniors and seniors, albeit with an ever-tightening budget. Take advantage of DynaStudy's reduced pricing on DynaNotes Exit Level TAKS student guides, 30-packs, and classroom sets:

- 11MEA001, Exit Level Math for TAKS Review Guide – \$2.47
- 11MEA030, Exit Level Math for TAKS Review Guide 30-Pack – \$70.50
- e11MEC030, Exit Level Math for TAKS Review Guide Classroom Set with CD – \$85.50
- 11EEA001, Exit Level ELA for TAKS Review Guide – \$2.47
- 11EEA030, Exit Level ELA for TAKS Review Guide 30-Pack – \$70.50
