

# STREAMLINED Science TEKS Solutions

## DynaNotes SCNs PDFs & Print Permissions\*

- ✦ **Upgraded content:** clear, concise, relevant, and accurate student course notes aligned to the eligible streamlined TEKS for grade 5 science, grade 8 science, and biology
- ✦ **Crisp and colorful:** high-resolution PDF supports inkjet or laserjet printing and enlargement (color recommended)
- ✦ **Maximum flexibility:** teachers can optimize presentation of the notes for different activities or different students: repeated printing and derivative works are permitted\*
- ✦ **Simple conditions:** term lasts until new TEKS are implemented for the course if basic rules are followed\*
- ✦ **All-new protections:** written permissions protect your school from violating DynaStudy's copyright for the title\*
- ✦ **Visit [www.dynanotes.com](http://www.dynanotes.com):** for terms and conditions

## DynaNotes SCNs Printed Booklets

- ✦ **Size:** enlarged 37% and more white space than classic notes
- ✦ **Format:** cardstock cover, matte paper finish for writing/erasing
- ✦ **Availability:** for sale only to schools with current print permissions or 1:1 to district-wide special populations without print permissions (e.g., SpEd, migrant, summer)

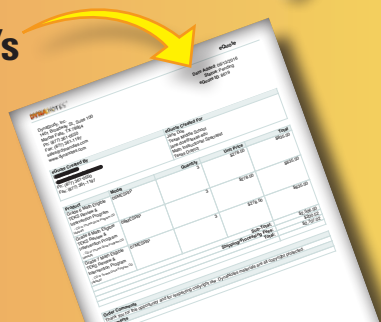

Streamlined SCN	PDF, Print Permissions*		Printed Booklets		
Grade 5 Science	PPP-5S	\$1.99	8 pages	DYNBKL-5S	\$5.95
Grade 8 Science	PPP-8S	\$1.99	12 pages	DYNBKL-8S	\$6.95
Biology EOC	PPP-BIO	\$1.99	12 pages	DYNBKL-BIO	\$6.95

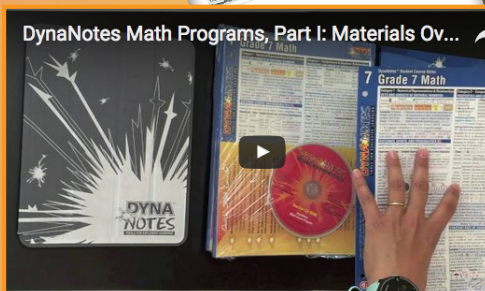

\*PDF Print Permissions are priced per enrolled student in any related course (e.g., remedial, regular, AP). Terms and conditions apply. Visit [www.dynanotes.com](http://www.dynanotes.com) to view sample written permissions, required notice text, and "simple reminders" document for PDF print permissions. Conditions include: (1) do not use, distribute, or make available any version or derivative outside the permitted school; do not post online, give to other schools, etc.; (2) limit electronic file access to permitted school's administrators and teachers; (3) add required notice text to any derivative work.
